

AUSTRIAN TELLS HIS OPINION OF PRZEMYSL'S FALL

New York, April 17.—Dr. Constantine Dumba, Austrian minister to the United States, issued today the following statement at the Austro-Hungarian consulate-general here:

"The majority of American press comments concerning the fall of Przemyśl is based upon Russian official reports, which represent the forces holding the garrison as having been about 8,000."

"The force at Przemyśl which surrendered consisted of 34,000 combatants of all ranks; the population of the city comprised 46,000 civilians and 25,000 sick and wounded in hospitals. The armament which consisted of 150 guns, mainly of old types, was, together with the forts, ammunition and all government property, destroyed before the fall of the fortress. General Von Kusmanek was acting under orders of the commander in chief when he agreed to surrender."

"As to the number of Russian troops released after the fall of Przemyśl, the fall of the Russians so far to force their way across the Carpathians, indicates that the reinforcements drawn from the besieging forces has been grossly exaggerated."

Turk Believes Italy Will Stay Neutral

Rome, April 17.—"I am convinced that Italy will remain neutral," was a statement made to the *Ida Nazionale* by Carasso Stendani, a member of the Turkish chamber of deputies, on the eve of his departure from Rome for Constantinople. Carasso, who came to Italy on a mission for his government, declared he based his opinion upon interviews with various Italian statesmen.

"Until yesterday," he said, "this was a simple impression but today I consider it a certainty. I feel a sincere joy in knowing your country will be spared the horrors of war."

Automobile Truck Crashes Through Bridge

Winsted, April 17.—A two-ton automobile truck owned by John Avery and driven by Albert Dwyer, broke through a bridge spanning the east branch of the Farmington River between Barkhamsted and Winsted yesterday afternoon. The truck was loaded with the household effects of Mrs. Hubert B. Case, widow of the county commissioner who was slain November 28. The truck crashed down into the stream, a drop of about sixteen feet. The driver was uninjured, but the machine and some of the furniture were damaged. The bridge supports are reported to have been rotted.

Litchfield Dog Ends Life By Suicide

Litchfield, April 17.—A dog, 9 years old, belonging to Martin Wright has committed suicide. It became known yesterday through Mrs. Wright that the dog, long in ill health, deliberately waded into a stream near his master's house, lay down and tried to end his existence. The animal was discovered, taken out and carried home and everything done to show the affection of the family, but a short time afterwards he eluded his watchers, went a considerable distance down stream from the scene of his first attempt, and plunging in succeeded in ending his life.

Flags were at half mast, schools and public libraries were closed, and business generally suspended at Kansas City during the hour of the funeral of William R. Nelson, editor of the *Kansas City "Star."*

Under indictment charging that she aided and abetted Ralph Lovell in the embezzlement of \$105,000 from the First National Bank of Edgewater, N. J., Mrs. Julian Juliana Munson was arrested in San Francisco.

WEATHER FORECAST

New Haven, April 17.—Forecast: Generally fair tonight and Sunday; somewhat cooler to-night.

STATE AUTO LAWS ENTIRELY REVISED BY VOTE OF HOUSE

Constables and Policemen Must Show Badges to Make Arrests of Motorists.

Hartford, April 17.—The motor vehicle bill passed by the House is a complete revision of the present motor vehicle laws with a number of amendments to the present law incorporated. The amendments are as follows:

Commercial motor vehicles shall include all vehicles designed or used solely for the transportation of merchandise or freight which are either propelled or drawn by any power other than muscular except such as run only on rails or tracks, and all motor vehicles designed and used as omnibuses for the transportation of passengers on the payment of individual fares.

"Police officer" or "officer" shall include any constable or other official authorized to make arrests or to serve process, provided he is in uniform or displays his badge of office on the front of his outside garment in a conspicuous place.

No manufacturer or dealer shall use any motor vehicle registered under the provisions of this section for any other purpose than the trial and adjustment of such motor vehicle or for its demonstration to a prospective buyer.

Register number shall bear the number of the year of issue and the abbreviation Conn. The rear register number shall be so illuminated as to be legible at a distance of fifty feet.

The rear register number shall be upon the public highways of this state between the hours of 9 p. m. and 7 a. m. unless the engine of such vehicle shall be reasonably muffled, nor shall such vehicle be operated upon the public highways of this state between the hours of 7 a. m. and 9 p. m. unless the engine of such vehicle shall be reasonably muffled so that the explosions of such motor while so operated shall not constitute a nuisance to the public.

The secretary shall determine the actual carrying capacity of each commercial motor vehicle, registered as follows: one ton, \$15; one and one-half tons, \$20; two tons, \$25; two and one-half tons, \$30;
